PRESIDENT'S MESSAGE

I want to thank all of the clubs and individuals who sent cards and notes and called me to express their sympathy for my family and me. It is heartbreaking to lose any of one's family, but doubly so when it is an eighteeen-year-old granddaughter with so much of her life ahead of her.

Shelli was a lovely, beautiful girl with many friends and a family who loved her dearly. Last June she was chosen as the mostpopular and fun girl of her senior class. She was a freshman at University of Irvine and was doing well there. But it took only one long, terrible moment for the car in which she and a friend were riding to vere off the freeway and snuff out two young lives.

That so many of you ladies took time during those very busy just-before-Christmas days to think of me means a great deal. I truly appreciate your reaching out with compassion and love. And it did help to know so many cared.

Federated clubs are made up of very special women who sincerely care about others, women who give of themselves and who offer understanding and friendship.

Thank you for your prayers, for your concern, and for your loving thoughtfulness.

Love,

Bernice

There should be no despair - though tears
May flow down like a river:
Are not the best beloved of years
Around your heart forever?

LIBERTY UNDER THE LAW — TRUE INDUSTRIAL FREEDOM

WORKING FOR CHANGE—Mrs. E. D. Wylie updates her calendar with scheduled appearances at woman's clubs in effort to improve California Federation of Woman's Clubs. She lives in Glendale.

Times photo

New Federation President Speaks Out on Problems

BY MARY BARBER
Valley Women's News Editor

GLENDALE — Mrs. E D. Wylie says things no other California Federation of Woman's Clubs (CFWC) president has ever said.

For instance, she said, "I think we're too much a middle class, conservative, Protestant, Republican organization."

This might have been heresy in another day, but with the social convolutions taking place throughout the country and especially in California, what Mrs. Wylie says is accepted as reality.

She has also said, "For too long we've been a 'sit and listen' type of organization. But nobody wants to sit and listen any more. If we're going to matter we must stretch ourselves —really BE something, really do something of real value."

Heads 620 Clubs

Mrs. Wylie was installed state president and now heads 620 clubs and about 60,000 members. The only group in the state known to be larger is the PTA, and Mrs. Wylie makes a strong point here, too.

"Almost every other organization focuses on one thing," she said. "The PTA is concerned with the welfare of children; other woman's clubs concentrate on a profession or volunteer work or social life. We're a jack-of-all-trades club with 37 different departments."

Now that she's launched her two-year term, the new president is well on her way to visiting every club district in the state, attending conventions all over the country and charting a rough course in seas that always were calm until recently.

Federation's Interests

The federation's interests range from saving the redwoods to preventing venereal disease; from studying water pollution and crime prevention to music and the arts.

All the clubs are expected to be a social center, most have their own clubhouses to support and maintain. And age of ing members since a peak in the late 1940s.

Mrs. Wylie is candid about this, too. The population of the state and membership in other clubs are booming, so the new president sees a need for "a change in structure," especially since general membership has dropped and juniors have gained 1,000 throughout the state.

"I like to feel we're going to meet the challenge and recoup," she said. "We must study ourselves and the life around us and try to know what to do. By using our potential womanpower, there's so much we can do, and that's why I've chosen 'Creative Involvement' as my theme."

Clubhouses Deteriorating

One of Mrs. Wylie's dilemmas exemplifies the scope of her problems. She and the CFWC are great believers in education and the organization gives thousands of dollars in scholarships every year. However, there are mixed feelings now about the roles of colleges and about the behavior of college students. So an older, conservative establishment must come to grips with a young, turbulent one and Mrs. Wylie is going to be in the middle, hoping to promote more educational possibilities for more youth.

Then there's money. Millions of Californians have known the local woman's clubhouse of the past to be cultural and social centers of each community, freshly painted and gardened.

Now, many a clubhouse is run down and many more are overly burdened by taxes. Mrs. Wylie believes dues must be reasonably low to keep mem- want to work in fund-raising ventures.

"I might be a little bit of a maverick," she said. "But I think a change of structure might be in order. We've been doing the same things in the same old way and it has become a rut.

Optimism Evident

"We have to ask members to take a new look and that's asking a lot. They so often say 'We've never done it this way before!' We may die on the vine and have a nice funeral but I prefer to think we're really going to live and matter in the scheme of things."

The optimist shows through in everything, Mrs. Wylie says.

"Club work is very rewarding," she noted. "We get the totals of our philanthropic work at convention time and it's very impressive. We do so much good work I don't know what would happen without us.

"I'm excited about the future. I've always loved to work with people and I always try to do a little more if I possibly can. I don't know much of anything I dislike."

Mrs. Wylie and her husband, a retired accountant, live in an antique-filled home in Glendale which they love as much as they love their trips around the country.

They are natives of Arkansas and have done so many things together for so many years that Wylie enjoys being a chauffeur and traveling companion as much as he has enjoyed every other phase of his wife's climb up the ladder

PASADENA—Sounding like a prophet of doom, Dr. William J. Williams said "The conflict and violence we witness now are symptomatic of much deeper problems."

Then he said "this is good," and somehow he made sense of the contradiction when he spoke to Caltech Women's Club.

"We don't get anywhere without confrontations, and confrontations have always been expressed in conflict," the USC professor said. He is director of the USC Center for Social Action and a leader in civil rights and Equal Opportunity Agencies in Southern California.

Amends Talk

Although his topic was "The Widening Racial Gap," Williams amended it at the last moment because "changes are constantly taking place, and what I say today is different from what I would have said a month ago, when this topic was assigned to me. It's very different from what I would have said two years ago."

Among the changes he spoke of was the development of people individually and in groups, which deepens and widens the gaps between them.

"The widening racial gap now, today, is not only between blacks and whites, but between blacks and blacks, blacks and browns, browns and whites, whites and whites.

"There are gaps between different levels of development, different ages, different experiences — and through these there may be the changes that must come about," he said.

"Gaps are widening," he explained, "but in doing so, new relationships are being formed.

New Situation

"Two years ago, the major difference between people was color. Only two years ago we were in a

in its search for some kind of identity," he said.

Williams pointed to himself as an example of changing concepts. He called himself "black" with pride, explaining that this symbolic word had for him a "gut feeling of identity" as he developed emotionally beyond former "Negro" identification. But other blacks relate to him differently, depending on their stage of development.

"We're undergoing a therapeutic process," he said. "It's as if the entire black community is going to a psychiatrist and is getting some fundamental changes.

"It's understandable that some don't have the sophistication to deal with the changes in their minds and their feelings, and some do drastic things as they go through change. While going through a therapeutic process, different relationships develop, and so gaps between people widen.

New Relationship

"It's the same with the white community, because demands have been made on it to relate to the black man in different ways. It has had to develop and change, too.

"Anyone in this society is a part of racism. And it is impossible for people to relate unless they come to grips with hatred," he declared. "We are people who hate!"

The confrontations that have taken place in recent months and years have brought about conflict, which in turn have spoken the unspoken words and feelings of hatred, Williams claimed.

But there's more to come, he indicated. Real issues have not been met yet.

"There's still the big question," Williams said. "How are we going to address ourselves to the deep imbalance of power? Most blacks are powerless, and it ought not to be like that.

"The whole decision-making process must come under question—and more gaps will widen as we ask those in power to be a party to their own dismissal.

"How will we do that without confrontation?

Getting Better

"Change in the value system speaks to power and confrontation, which begins to speak to conflict and violence.

"I see things getting better because in conflict people are saying something together instead of seething underneath."

Williams' appearance, as well as his words, make a striking contrast in the Caltech Athenaeum. He was the only male and only Negro among 100 or so women seated in the ornate, opulently furnished old building on the campus.

Tea was served after the meeting, which was conducted by Mrs. Edwin Munger, president.

Woman's Club Announces Programs

"Four Techniques for Modern Living" will be the program talk of Dr. Arthur L. Bietz when he addresses the Woman's Club of Arcadia at its Nov. 6 luncheon meeting.

Dr. Bietz is a member of the American Association for Advancement of Science and a member of the honorary scholarship fraternities, Theta Phi and Phi Chi Phi. He is listed in "Who's Who in Education" and is in demand as a lecturer in many parts of the United States.

Dr. Bietz will speak at 1:30, following the 11:30 a.m. catered luncheon and business meeting.

For the Nov. 20 meeting, the Arts and Crafts Department is sponsoring a program on "Gift Wrapping Magic," demonstrating unique and inexpensive ways to wrap packages. Presenting the program will be Mrs. Henrietta Loeffler, club program chairman.

Mrs. Loeffler is well known for her artistic Christmas decorations. While living in Chicago, she auditioned at the Illinois Federation of Women's Clubs Program Bureau and on the Conference of Club Presidents and Program Chairmen.

The Ways and Means committee will serve luncheon that day and bridge and canasta games will conclude the afternoon.

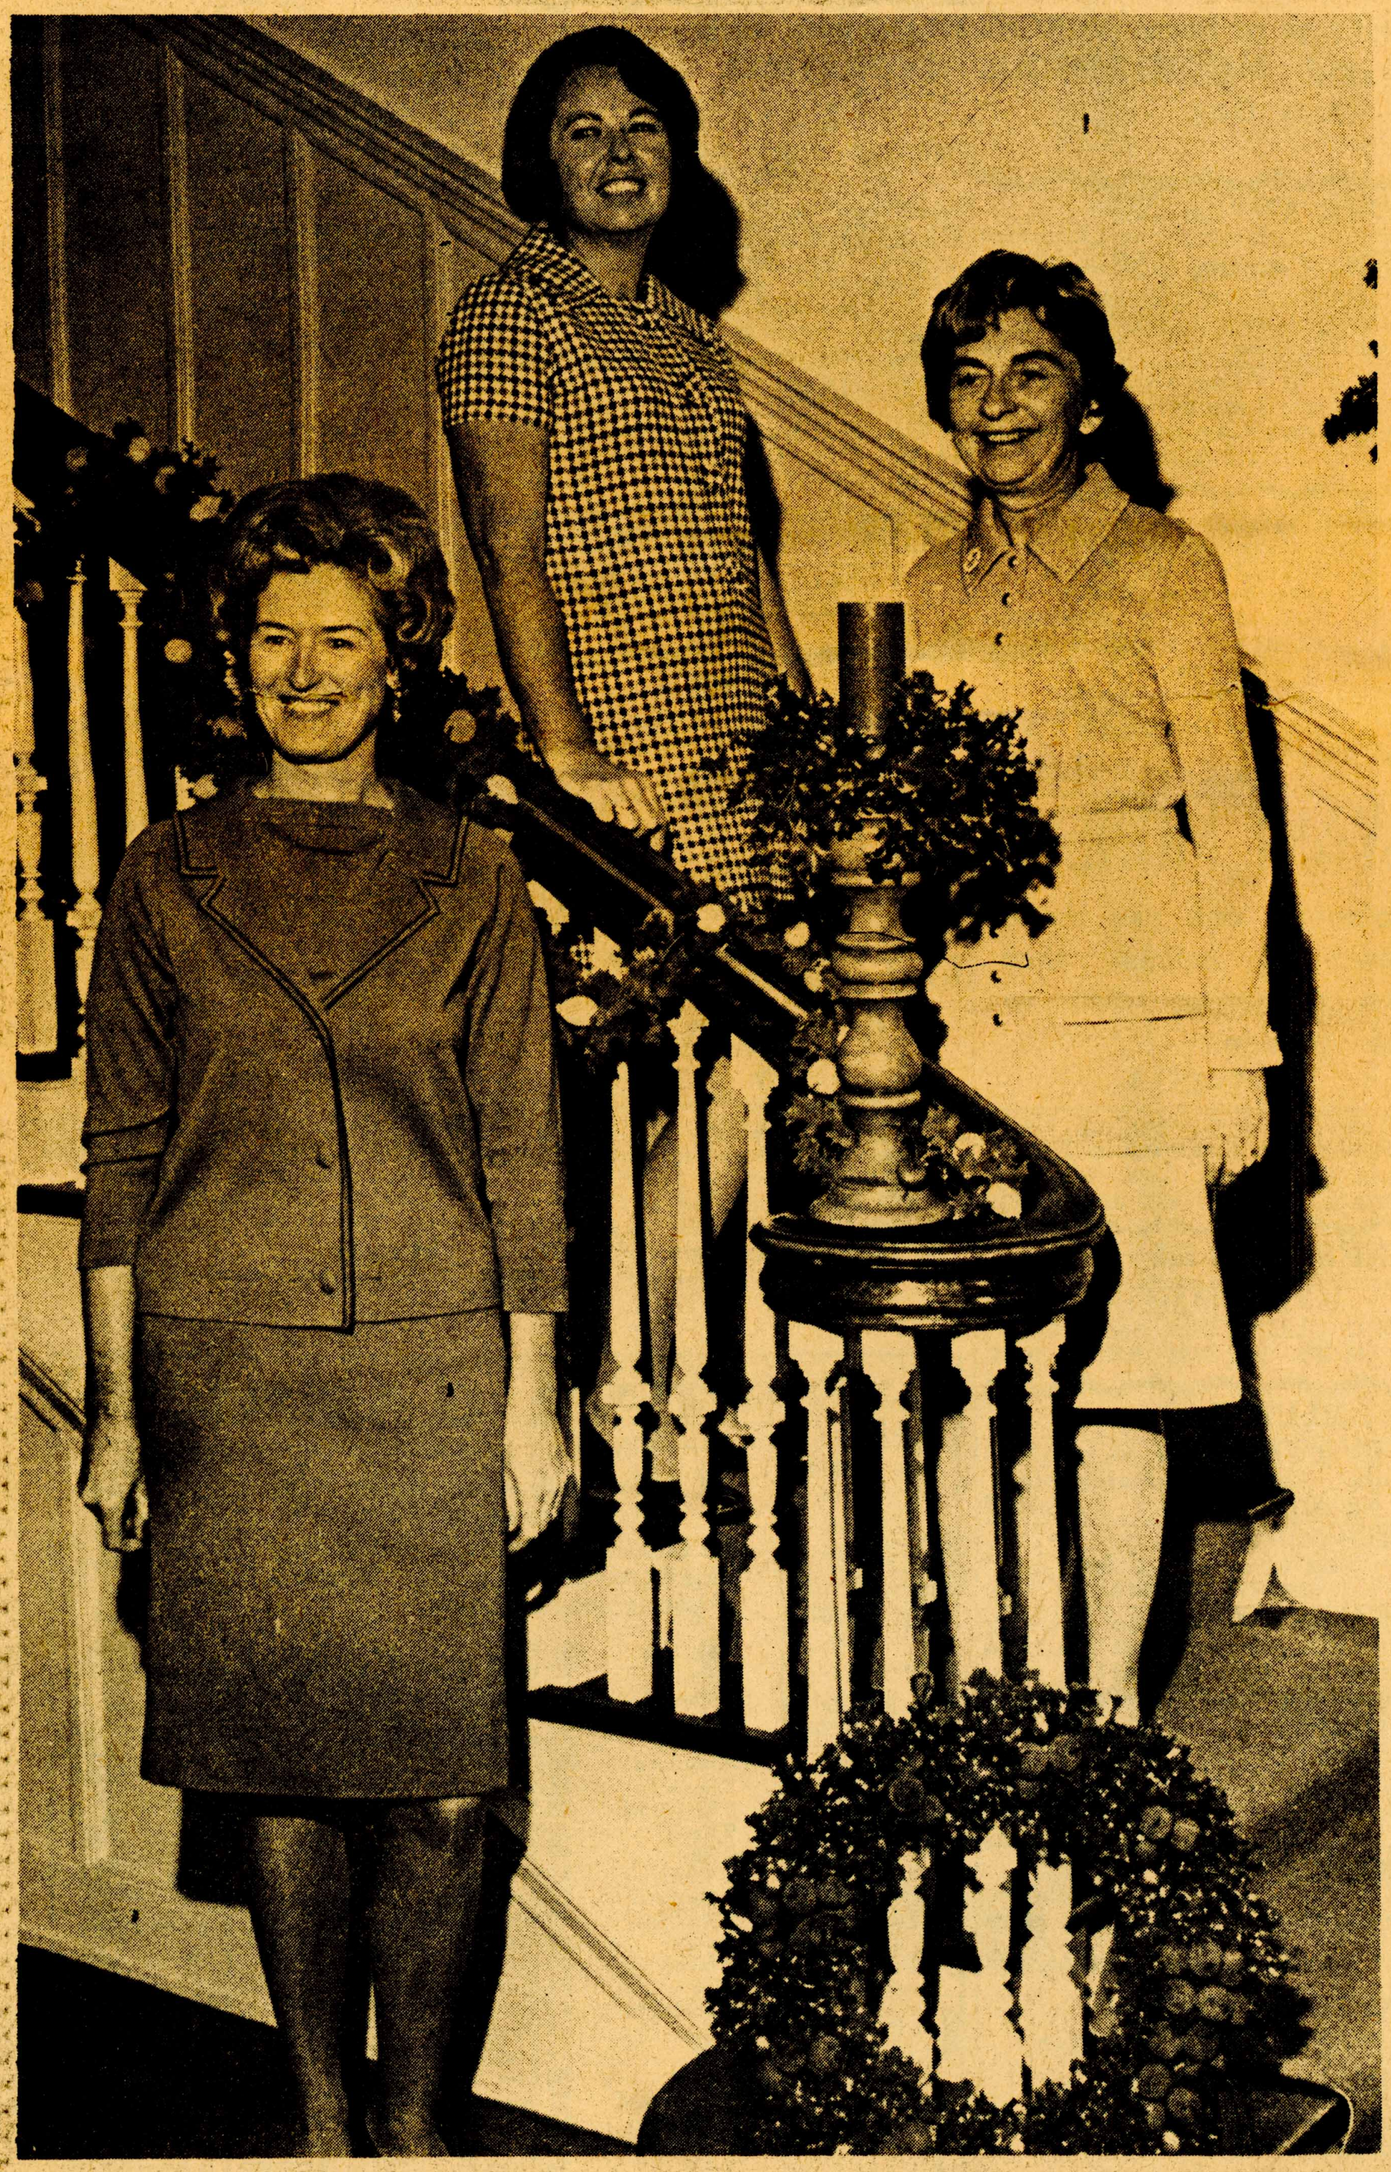
Guild strums holiday chord with 'Noel Dansant' party



—News-Post Photo

Monrovia Guild members look over staircase decorations at Monrovia Woman's clubhouse which will be the scene for a Children's Hospital benefit, 'Noel Dansant' on Dec. 6. Mrs. Fred Dexter, Guild president and Mrs. David Holt, on staircase, are joined by Mrs. James Rush in making plans for gala occasion which will usher in the Christmas social season for the Guild and many guests. Party will feature elegant dinner and dance.

"Tis the season to be jolly" and guests of the Noel Dansant dinner-dance, given by the Monrovia Guild of Childrens Hospital on Friday evening, Dec. 6, will dance to the inviting music of Ray Evans and his Combo.

The colonial charm of the Monrovia Woman's Clubhouse will be enhanced by handsome gold and white decorations used throughout the ballroom.

Beautiful golden wreaths and bells will be effectively used on the wall panels. Red Christmas cloths will grace the dinner tables forming a striking background for the golden madonnas and twinkling votive lights that will center each table.

An elegant flocked white Christmas tree, decorated entirely in gold, will capture the theme of gaiety for this festive event of the holiday social season.

Mrs. Fred Dexter, president of the Guild and Mr. Dexter will greet the many guests who will be attending this annual benefit for Childrens Hospital.

Mrs. Wilbur Garber, chairman for the Dansant has been assisted by Mmes. Macauley Spratt, James Rush, Richard Young, Richard Minnick, James Ford, John McBratney and Charles Fisk.

Mrs. Arthur Pickles and the Junior Associates have fashioned the custom designed madonnas which will be available for individual purchase.

A limited number of reservations are available by calling Mrs. Richard Young, 358-4625.

Party planned

The Pasadena-Foothill Division of the California Retired Teachers Association will hold a Christmas party at 1:30 p.m. Monday, Dec. 2 at the Pasadena Woman's Club building, 98 S. Sierra Madre Blvd., Pasadena.

A program featuring the Madrigal Singers of Pasadena High School has been planned. Dessert will be served.

Reservations may be made by calling 797-6723 or 797-7333.

San Marino Guild Joins Club Party

The annual Christmas luncheon party for members of the San Marino Woman's Club will be held Dec. 18 at 12:15 p.m. The Junior Woman's Guild will join the senior members on this day instead of their usual meeting.

Mrs. R. Edward Sanchez, projects chairman for the guild, is keeping members busy creating red and white Santa Claus mobiles which will decorate the tables. Junior members will gather for a social hour at the home of Mrs. E. James Whittier prior to the luncheon.

A program of Christmas music will be presented by the Pomona College Glee Club, directed by William F. Russell.

Mrs. Darrell R. Scott, party chairman for the golf group of the Sports Guild announces their Christmas luncheon will be held at the Embers Restaurant, Arcadia, Dec. 12.

Club Earns Award for Safety Work

On behalf of the Arcadia Junior Woman's Club, Mrs. James W. Mercer, safety chairman for the club, was presented with a certificate award by the president of the Police Advisory Council for car clubs, Neal R. Johnson, in recognition of the Arcadia Juniors financial donation to the annual Youth Safety Run which took place the latter part of June of this year between Burbank and Yosemite.

Other projects the club's Safety committee have engaged in this year have included a bicycle safety clinic in honor of Mayor Hage's proclamation of Bicycle Safety Week;" a dog rabies clinic and monthly newspaper articles on "Summer Safety Tips."

Most recently, a life-saving technique program was presented by Arcadia's Fire Department to members and guests who witnessed the film "That They May Live."

Hacienda Heights

Clubs Go All Out

Clubs belonging to the California Federation of Woman's Clubs have been going full swing, both socially and philanthropically. Hacienda Heights Women's Club members and the junior group had a Christmas party for everyone, including children, and simultaneously contributed gifts to patients at Pacific State Hospital. Sunset Hacienda Woman's Club had its own Christmas party in the home of Mrs. Gene Cross, and another for patients in El Encanto Sanitorium. Junior Woman's Club members in La Puente gave a party in Los Angeles Veterans Hospital and another for children at Casa Alegre Home for Retarded Infants. Chino Woman's Club members had a mother-daughter luncheon and everyone brought a gift for patients at Patton State Hospital.
